

CALIFORNIA GREEN ROADS

"The City of Thousand Oaks is quite pleased with its experience with RAC. We've been using RAC for over a decade and encourage the use of this product in other California cities. If we can see the benefits of RAC so can you."

*— Tom Pizza, P.E.
Engineering Division Manager, City of Thousand Oaks
Construction and Right of Way Management*

Good for the Bottom Line. Good for the Community.
Good for the Environment.

Using recycled-content materials including recycled aggregate, tire derived aggregate, rubberized asphalt concrete and organics can save money and help protect the environment.

Recycled-content materials often have multiple uses and are known for their performance or durability.

To learn more about how recycled-content materials can work for you, visit **www.ciwmb.ca.gov**.

Tire derived aggregate provides cost-effective vibration mitigation in light rail projects.
